

Monday Housegroup

Seven church members meet fortnightly to develop our faith by studying and discussing material chosen by the group, usually compiled by Scripture Union or similar Christian publisher.

Our most recent study was part of the 'Healthy Church' study material and focussed on God's Good News – the Gospel.

We have started a new series called 'Messiah' which relates to passages in the Old and New Testaments and has links to Handel's Messiah as well.

We share experiences and are challenged by the passages of scripture which form the basis of each study. Each meeting ends with a time of prayer. Although our aim is to develop and strengthen our faith, we do this in a very relaxed atmosphere so there is always plenty of laughter.

We are always keen to recruit new members. Contact me on 8026 5588 for further information if you are interested.
